The sense of life

The sense of life is
that we preserved
the possibility
to an ordinary life
for our children

International

The international badge
has been taken
from Egyptian mythology

It represents a man
with an eagle's head
his wings spread
ready to fly

He rises
to contemplate the earth
from on high
as a bird would see it

to realize
that on this earth
all humans
are alike

to realize
that we have the same problems
and the same hopes

that everybody thinks
and everybody can conceive
the same thoughts

That the thoughts
can be stronger
and more powerful
than all which
could contribute
to the destruction of the world

The international badge calls you

Every time that you see it
it invokes you

it invokes you to think
even if it is only once time a day

I WISH FOR WORLD PEACE

**BROTHERHOOD
TROUGHTOUT THE WORLD**

**AND THE WELFARE
OF EVERYBODY**

It invokes you through me

I AM THE LAST POWERFUL VOICE

Pax Mundi

All of us
like to have enough to eat..
to be well clothed..

to possess a decent home..
to do an agreeable job..

to earn enough money
to satisfy our needs..

We like to provide
for our children
the best things
which we ourselves have lacked..

We like to live..
live well..
live very well !

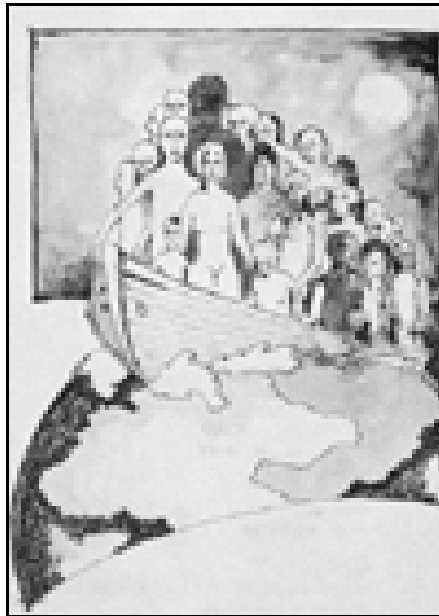

Everybody on this earth
would like to live very well !

Even those who are starving..
who are dying from illness..
and from poverty..

Also slaves..
Indians..
Chinese and Blacks..
Palestinians and Kurd's
Iranians and Iranians

Even those
that the disagreements
of handful of politicians
oblige
to destroy each other !

The inhabitants of this earth
are all sitting
in the same boat

All of them would like to live..
like to live decently..
live very well !

Why is not everything as good
for everybody ?

what could we do
to fulfil this wish ?

What can I do?
What can you do ?

You do
what I do :

I THINK !
YOU THINK !
EVERYBODY THINKS !

We think all day long..
one thought after the other..

Have you ever counted
how many thoughts
you can conceive
in one day..
in an hour..
in one minute ?!

All that we do
is conditioned by our conscious
or our unconscious thoughts..

Bi cause of our lack of control
our thoughts in general
make of us what the want..

Thoughts are like air..
they are impalpable..

But when they air moves
we can perceive its blow

Thoughts are also a law..
it obeys laws..
and develops according to laws..

Its activity is led
according to natural laws..
Our proverbs witness
this truth :

«We throw ourselves
into the grave
that we have dug for another»

and

«Everyone
is what his thoughts
the author
of his own happiness»

That which is divine in Man
is that not only
he can think
but he can
analyse his thoughts..

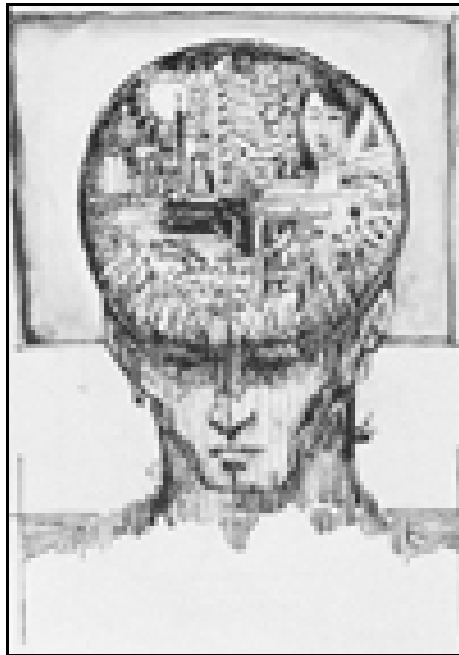

He can stimulate them
and concentrate them..
He can manipulate
or ignore his own thoughts
as the thoughts of others..

Thought is action

Good or bad
public or private
national or international
earthly or cosmic:

Thought is always ACTION

ACTION – REACTION

A continual coming and going !
A thought is a movement
activated by whatever motif..

The intensity of the movement
depends on the nature of the motive..

A movement is an action
an action provokes a reaction..

ACTION : LOVE

REACTION : LOVE

If it is so
and most people
would like to live well

why don't they ?

Their welfare logically
would be the result of their wishes !

A thought can only fulfil a wish
when it reaches its goal !

STARTING POINT ----- GOAL

Millions of people
would like to live very well..
Millions of people
would like to live in peace..

They same people say :
that it is IMPOSSIBLE..

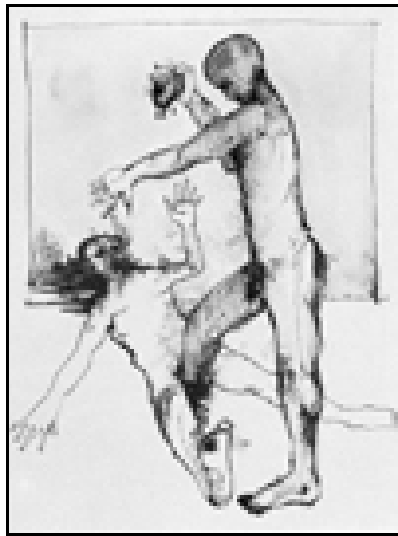

Impossible because..
because even brothers
fight between themselves..

because one of them
wants to live better than the other..

C A I N and A B E L

in perpetual renewal !

Is it the perpetual renewal
of this history
which builds this strong wall
which stands between our hopes
and their realization ?

What is the shape
and the substance of this wall
in our thoughts ?

How has it appeared ?
who has built it ?

Its shape is born of letters !
of letters..
which compound the word

IMPOSSIBLE

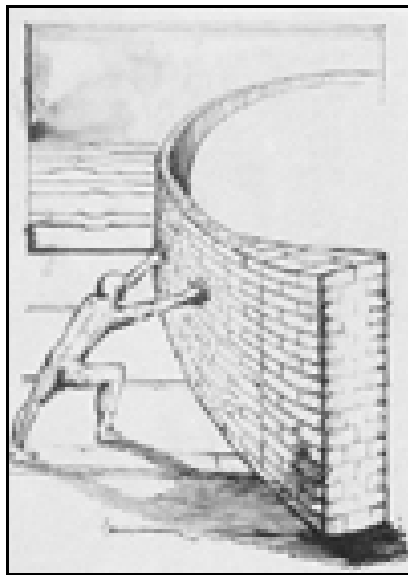

Impossible that everything could go well..
impossible that everything
could go very well..

impossible that we could live in peace..
that we could live
all together in peace..

Our wish doesn't reach its goal
because we interpose the word
IMPOSSIBLE !

It cannot create the hoped
for REACTION !

It bounces against the wall
made by the word impossible..

But why
but why does this wall exist ?

who put it into our heads ?

This wall is built
by ourselves
and our teachers !

But we are the only ones
responsible if it reaches
higher and higher

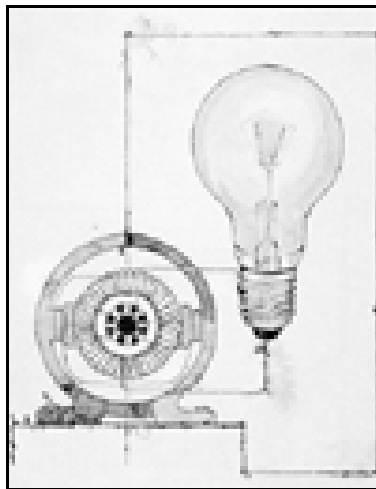

each time
that we resign ourselves

to use the word IMPOSSIBLE !

To say or to think this word
is the biggest pollution
of our spirit
and that of others !

ANYTHING IS POSSIBLE !
All that we can imagine
is POSSIBLE !

If it wasn't so
we couldn't imagine it..

If it wasn't so
to-day we wouldn't have
Electric light..
nor planes..

and Human being wouldn't have
left his footprint on the moon !

A lone human
thanks to his marvellous invention
provided the whole mankind
with the benefits of electricity !

I tell you today

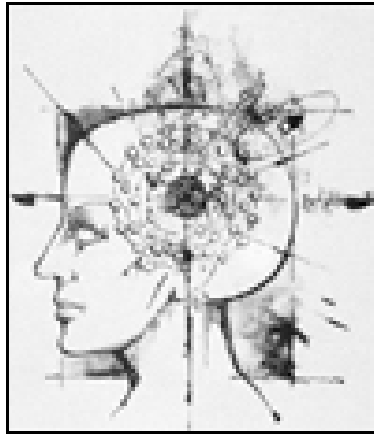

**that anything
human's dare to imagine
is POSSIBLE !**

Also that we live all very well
and without war in this world !

A thought which reaches its goal
is the nuclear energy
of the spirit !

A thought is the fusion of the atom
which provokes the REACTION !

This is how we produce
the energy we need
to satisfy our will..

A thought is the particle of an atom
with which man feeds non stop
the reactor of live !

The reactor itself is Live !

These thinking creatures
can change EVERYTHING !

RADICALLY !

IMMEDIATELY !

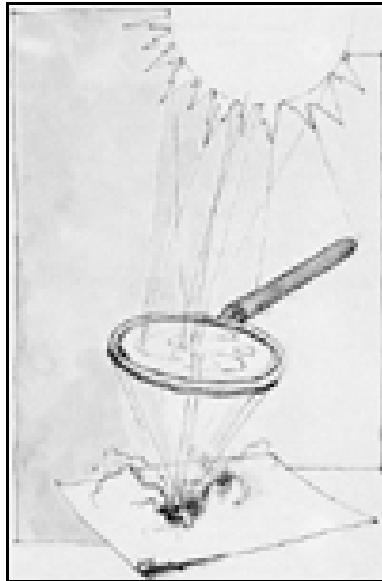

We can turn the World
upside down !

Before we realize
the least thing
it has to be present in us..

consciously or unconsciously !

The strength of fusion
and of multiplication of reactions
has a direct bearing
on the force and the concentration
of a thought..

A concentrated reaction is produce
when a concentrated thought
is emitted non-stop..

This is also the birth
of spiritual vibration..

The action of a concentrated thought
can be compared with that
of a lens
we use to make fire
with the ray of sun..

A thought is in
perpetual movement..
it's energy !

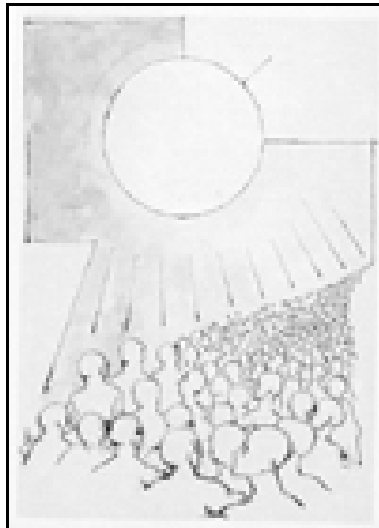

Movement generates vibrations..
We measure the intensity of the wind
according to the speed
of its movement..

The efficiency of a thought
is relative to its degree of concentration..

The more a thought is concentrated
the better is its effect of vibration..

and that leaves as much free energy
as possible
to fulfil what we wish !

Do you understand now
what are prayers
and what is meditation ?!

Do you understand now
what tremendous force
you can switch on
with concentrated thoughts ?!

What a huge amount of energy
could be spread if not only you

but TWO
TEN
A HUNDRED
A THOUSAND
A MILLION men

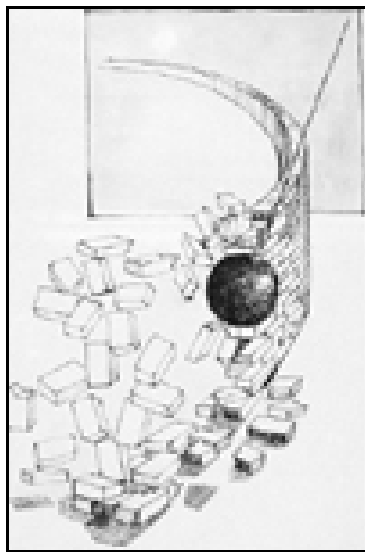

thought the same thing..

Thought to reach the same goal ?!

When millions of people
will think each day
even only once :

**I WISH FOR WORLD PEACE
BROTHERHOOD THROUGHOUT
THE WORLD
AND FOR THE WELFARE
OF EVERYBODY..**

and without the word
IMPOSSIBLE
in their thoughts..

**THEN ANYTHING
EVERYTHING WILL BE
POSSIBLE !**

**I told you now
what you need to know !**

NOW YOU KNOW IT !

Destiny..
yours..

that of your children
and that of live on this earth..

**YOU CONSCIOUSLY
DECIDE IT!**

Now with this knowledge
you are in possession

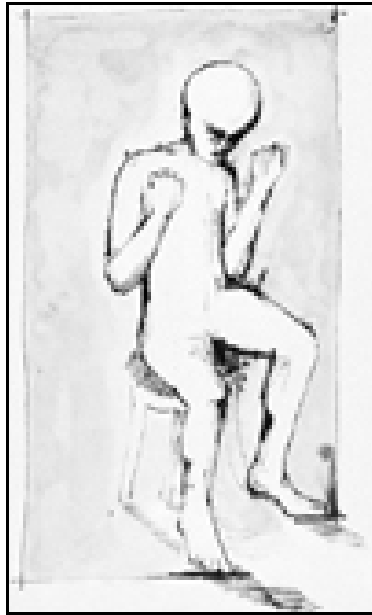

OF YOUR DIVINE
INHERITANCE !

I explained
in a few words

THAT ONLY THE WORD
IMPOSSIBLE

has kept you
from your divine inheritance..

Now you know that this message
is plain for everybody !

With these words

I call YOU..

YOU PERSONALLY

to spread this message
with your thoughts !

TODAY

**something fundamental
is starting for you!**

If you use again now
the word IMPOSSIBLE

YOU WILL BE PARTNER
TO A CRIME !

not only against the society
in which you live..

but against all who live
on this earth !

From now on
everyday..

until the end of your live

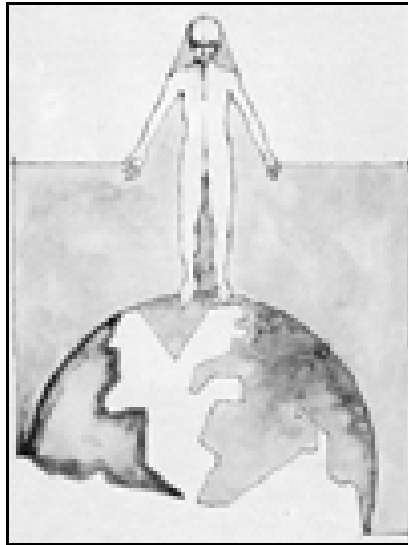

I INVOKE YOU

by claiming the due
that you owe me !

whoever you are..
whatever your name is..
whatever your degree of evolution !

It's now
a part of your duty
to take part in the creation
of conditions

which will issue a decent live
for our children !

I told you now
what you need to know..

for that I am coming
in the world..

I AM THE LAST
POWERFUL VOICE !

Cosmopolitan..

We can travel
around the world
in any direction..

there is neither an end
nor a beginning..

The end and beginning
are always
where we are..

What we must learn is
how to leave
our attraction power,

in order to be able
to discover our soul..

This we must do
to become a cosmopolitan..

a cosmopolitan.. !
